welcome

Here in New Holland PA we embrace old-fashioned principles of hard work, solid construction, attention to detail, long-lasting materials and a deep appreciation for nature.

When your life evolves - kids, moves, weddings, second homes, retirement - you can choose the perfect addition to add to your enjoyment.

We offer a wide variety of styles in an array of colors for you to create the outdoor experiences that's just right for you. All our items are American made, comfortable, sturdy, easy to maintain and guaranteed to last a lifetime.

We feel good about our sustainable choices, and that means you can feel good about your purchase.

Sustainable

Every year, we remove tons of petroleum based milk jugs and water bottles from America’s waste stream. From used milk jugs all the way to furniture for you, we process, design and craft it in America. We recycle this material at our plant in Newmanstown PA and convert it into sturdy poly lumber. Breezesta is what environmentalists call a ‘full circle’ product, not only is it made of recycled products, it is a recyclable product.

Guaranteed to Last

All our furniture comes with a limited lifetime warranty that protects your purchase from cracking, splintering, peeling, rotting and insect damage. The lifetime warranty also includes a three year protection plan against fading, and moving parts failure. We also offer a five - year guarantee against hardware failure.

We breathe easier because our furniture is good for you, good for the Earth, and good for our kids.

You can feel the comfort that comes from quality materials and close attention-to-detail.

Our furniture is built with mortise-and-tenon construction, color matched hardware and is crafted for stability. We use specially formulated Ultra Violet stabilizers and our poly lumber is solid run-through color. Our furniture is mold and mildew resistant and stands up to rain, wind and salt spray.

All our furniture comes with a limited lifetime warranty that protects your purchase from cracking, splintering, peeling, rotting and insect damage. The lifetime warranty also includes a three year protection plan against fading, hardware corrosion and moving parts failure.

Our recycled product furniture has a unique wood-like surface that is created during the extrusion process. This helps to conceal minor scratches, while other manufacturer’s smooth plastics amplify them.

coastal

Our Coastal Collection brings the feel of the beach to any environment. This ever-growing collection includes our most comfortable chairs, no cushions required.

The design difference

The backs and seats are always positioned for a comfortable recline that renders users fully engaged into the seat. The curve of the arm is another staple for this design and remains consistent with every chair in the collection. It's slight curve shape is suited for straight arms or flared elbows and will support either one comfortably. Lastly the curved shape of the back delivers excellent comfort and the curvy, flowing aesthetics most commonly associated with beach culture.

skyline

The Skyline Collection features subtle details that for discerning eyes can make the right difference.

The design difference

A classic through and through. This chair utilizes the look of traditional, hand crafted and sturdy seating with some updated touches of flair. The arms complete the look achieved by this modernized farm house look with their soft curves. This style has lent itself to expand beyond just dining chairs to encompass benches, rockers, and even swings.

piedmont

Our deep seating collection Piedmont allows you to extend the seasons. Enjoy a late summer evening with friends or cuddle up with a book and blanket on a crisp autumn morning.

The design difference

This collection is centered around comfort. Every chair exhibits a wider seat and an angled back for a more comfortable recline. Strong, dramatic curves and stripes in the negative slat space are what set this collection apart. Those features coupled with sturdy arms and legs help make this piece fit into any environment. We liked the look so much we applied the same design traits to a variety of tables heights to complete this collection.

avanti

Modern style with clean lines, the Avanti Collection is the perfect complement to any of our tables. Available in dining, counter or bar height, create the perfect contemporary setting for your patio or outdoor room.

The design difference

This sophisticated, yet accessible look lends itself to any environment. The playful curves on the upper back add to the interest of this collection while its gentle recline provides the user with comfort for hours of enjoyment. Curves appear in subtle details throughout the construction which assist in its rigid construction.

- i Incidental or consequential damages

Proper maintenance of your product is required to support the benefits of this warranty. This warranty is voided in the event that there are indications of abuse or neglect to the furniture. This warranty does not apply to normal wear and tear effects on the furniture, which are received by regular use of the furniture.

For service under this warranty, contact the Breezesta dealer from which you purchased the product. When submitting a claim, you will be required to submit the written description of the defect, along with a photo and proof of purchase receipt including the date. In some cases, we will ask that the defect be returned to us at our cost. Once documentation has been received, reviewed and approved, we will provide hardware, parts or product to repair or replace based on the warranted issue. Hardware, parts or product will be shipped to the dealer from which you purchased the product.
